"Raquette River, Late Summer" by Tony Conner

Over \$5,000 in Awards

Juror of Selection and Awards - Anni Crouter, AWS, SAA

Anni Crouter started painting and drawing before she could read or write. Life on a farm in rural Michigan with a veterinarian father inspired her to paint and draw wild and domesticated animals. These subjects still remain her favorites. Her big breakthrough came with her introduction to watercolors by longtime mentor Jim Ames, AWS. Her work can be seen in national and international trade journals, art galleries and businesses in several states.

Workshop with Anni Crouter, Sept. 30—Oct. 2, 2021, 9am - 4pm

Acclaimed wildlife artist Anni Crouter will share her approach to painting in watercolors in a 3-day workshop. Through her fluid, but opaque application of the medium, she renders her subjects in a manner that captures and communicates movement, animation and personality. If you are an aspiring wildlife or animal artist, this is your chance to study with one of America's best. If you are a landscape, portrait, or still life painter, Anni's handling of her subjects and settings offers approaches and techniques that can provide stimulation and a fresh direction in your work.
